

Sauna Etiquette

Loungers

Please do not reserve any loungers by occupying the chairs with a towel or your bag. Every guest should find a lounge of his or her choice. If necessary our staff will clear reserved loungers. We have plenty of roomy storage spaces where you can store your bags.

Right clothes

We request you wear swimwear in the Thermal Area. However, swimwear is not permitted in the saunas. Please wear a bathrobe or a towel in the Sauna Area, outside the saunas and throughout the whole facility. We also request that you wear a bathrobe in our Sauna Restaurant.

Appropriate behaviour

Our place is a made for relaxation & recuperation. Please support this with your behaviour. Loud conversation are a no-go. We also request that you keep any displays of affection down to an absolute minimum throughout the entire facility and to refrain from any such displays entirely in the saunas and in the pools.

Food and drinks

Please do not bring your own food or drinks (exception: water in PET-bottles). You can buy food and drinks in our Sauna Restaurant.

No smoking, please!

Pay attention to your health during your stay at the Bali Therme. In case it might be too difficult for you not to smoke, please go to our designated smoking areas, which are marked in our map.

Digital Detox / No mobile phones, please!

Please do not use any mobile phones, tablet PCs or cameras. In the reception area you are allowed to call.

Please respect the Bali Therme as a haven of peace and recuperation.

Thank you!
